APARTMENT MATEO

BISCAYNE BAY, MIAMI

Apartment Mateo is an opulent waterfront residence perched high above Biscayne Bay, showcasing mesmerizing vistas of Miami's skyline and the serene, endless blue of the ocean. This luxury rental resides within a prestigious high-rise, where contemporary design meets unrivaled sophistication. Crafted with meticulous attention to detail, Apartment Mateo embodies the essence of Miami's cosmopolitan allure, offering an exceptional retreat for those seeking both privacy and access to the city's finest experiences.

Inside, Apartment Mateo unfolds with sleek, minimalist elegance, defined by natural wood accents and pristine marble finishes. The expansive living area, bathed in natural light from floor-to-ceiling windows, complements plush furnishings and curated art pieces, cultivating a refined, modern ambiance. The gourmet kitchen, complete with state-of-the-art appliances, marble countertops, and custom cabinetry, pairs functionality with aesthetics. A dedicated dining area offers an exquisite setting for private gatherings, framed by spectacular city and water views. Three sumptuous bedrooms ensure a restful sanctuary. The primary suite presents direct terrace access, a walk-in closet, and a lavish ensuite bathroom featuring an oversized soaking tub with sweeping bay views. Additional conveniences include cable, satellite, or smart TV, sound system, high-speed Wi-Fi, and an in-unit laundry room.

Beyond its private terrace, Apartment Mateo provides access to an impressive array of shared amenities designed to enhance the experience of city living. Residents enjoy the convenience of a high-speed elevator, a state-of-the-art fitness center, secure garage parking, and indulgent hot tubs. The building's expansive outdoor pool offers a serene oasis amidst Miami's vibrancy, while a chic on-site restaurant caters to the most discerning palates. Nestled within one of Miami's most coveted locations, this exquisite apartment presents a lifestyle where luxury, convenience, and breathtaking views converge.
