VILLA MILA

BRENTWOOD, LOS ANGELES

Villa Mila is an outstanding luxury rental perched on one of the most exclusive streets in Brentwood Park. Lush foliage, aromatic groves, and far-reaching views curate a boundless sense of space along a generously sized property. An idyllic luxury villa rental, Villa Mila stands shoulder to shoulder with Los Angeles' most exquisite properties.

Contemporary minimalist refinement and haute couture glamor meet their apex in the seductive, brightly lit interiors. The majestic marble foyer is brightened by an impossibly high skylight and the classic, grand staircase separating the formal living and dining rooms. A warm beige and white theme coats the interiors enveloping the space in an inviting radiance complimenting the central fireplace. The kitchen flaunts rounded edges providing a sense of peaceful tranquility that radiates from indoors and extends to the lushly landscaped and highly private outdoors. The estate's eight complete bedroom suites offer the pinnacle of comfort, discretion, and style, each outfitted with enormous closets. Top-of-the-line highlights include a private elevator allowing easy access to the three floors, an office, a wine cellar, and a fitness room.

Villa Mila comes to its fullest expression with its gorgeous outdoor amenities. The exteriors flaunt an exceptional outdoor pool and jacuzzi embraced by sunbeds and lush gardens. A triumph of design, comfort, and convenience, this architectural masterwork is a gem of the Los Angeles luxury vacation rental market.

LOS ANGELES

BRENTWOOD

Los Angeles holds many distinctions. Its ethereal and otherworldly character earns it the beloved moniker, the City of Angels. It may be the birthplace of Hollywood, but it is much more than just red carpets and silver screen stars. Having a thriving art scene, LA is an absolute cultural mecca with more than 100 museums, like the Los Angeles County Museum of Art (LACMA) with seminal artwork. The city has an exciting medley of restaurants and bars to choose from, and the Art Deco Griffith Observatory high up in the Hollywood Hills, with its Samuel Oschin Planetarium, Tesla Coil, and cameos in several iconic films, is one of LA's most distinctive landmarks. Electric with ethnic diversity and an uncanny Mediterranean climate, Los Angeles is a world unto itself.
