VILLA REBECCA

ST. TROPEZ, ST-TROPEZ

Villa Rebecca is a spectacular Mediterranean estate perched in the heart of Saint Tropez's historic center. A few hundred yards from Place des Lices, famed bistros, cafes the world's most glamorous sands, Rebecca offers the epitome of Provencal highlife living. The size of the home in proportion to proximity to amenities places it in very exclusive company amongst the most revered Saint Tropez properties.

Ultra-chic interiors toe the line between contemporary glamor and beachside romanticism. Serene off white walls matches a rich limited palette of stylish grey and silver accents. Floor-to-ceiling windows douse the interiors in a flattering light, animating sleek marble floors with an uncanny luster. Chic post-modern armchairs complement plush low profile furnishings before gorgeous black and white celebrity portraits. Sleek lines and crisp dimensions make up thoroughly modern, uncluttered interiors. Light timber accents offset any austerity from the home's minimalist stylings imbuing the common areas with inviting warmth. Eight sumptuous bedrooms exemplify the potency of pared-down living, accounting for a Zen ambiance and feeling of harmony in each of the private quarters. Ensuite baths are perfected in 21st-century considerations with stand-alone baths and steam showers. Two large double suites are relegated to the guest apartment, assuring maximum lodging options, discretion, and comfort for large groups.

Azure blue sea views abound from the verdant grounds before a sea of terracotta roof tiles. Towering trees enclose the estate affording guests exceptional privacy and delineating a serene oasis grounded by a 40 X 16 foot heated swimming pool. Ample deck spaces are smattered with alluring sun loungers, while an elevated deck promises fantastic alfresco moments before dazzling sunrise and sunset skies.
