# CASA FINISTERRA

PEDREGAL, CABO

Casa Finisterra is a scintillating architectural masterwork poised along the heights of Cabo. This unique contemporary structure mediates between sky and sea, its sleek dimensions gorgeously embedded in millennia-old rock. Incomparable ocean vistas abound from Finisterra's perch, this mid-century modern wonder is undoubtedly the flagship luxury property of Pedregal, the "Beverly Hills" of Cabo.

A bold vision of luxury Pacific living comes alive in astounding interiors that appear to defy gravity. Ultra-svelte glass walls embrace ultra-chic living spaces smattered with seductive designer furnishings inflected with a retrofuturist flair. The boundless Pacific horizon floods each square inch of elite living space bringing the sublime glory of sunset scenes into the comfort of seductive lounges spaces. Crisp white walls dazzle in monochrome purity, while opulent upholstery introduces dreamy seaswept palettes of pastel blue and grey between a glorious fur carpet embodying seventies-era hedonism. A postmodern two-sided fireplace pivots between the free-flowing open-concept interiors encased in ultra-thin glass. Bold, graceful, and immaculate, Casa Finisterra redefines upscale residential luxury in spaces that conflate the art of living with art itself. Sleek LED lighting underscores ultra-streamlined sand-hued wood paneling, while a glorious glass-blown chandelier steals the show in a ceremonious six-seat dining area. Four fantastic ensuite bedrooms flaunt a unique gradient of coastal opulence, with one of the master suites seamlessly integrating a rugged cluster of boulders into the luxury Villa's architecture. This wondrous residence offers versatile lodging options for eight discerning guests.

Glamorous cliffside exteriors maximize interaction with an otherworldly natural setting. Shaded and unshaded living spaces offer no vantage point unexplored for soaking in the sights. Navigate meandering paths past rock gardens to the covered rooftop living area, or indulge in the therapeutic waters of the swimming pool jutting out dramatically towards the ocean horizon.
