VILLA BELLA

JACKSON HOLE, JACKSON HOLE

Villa Bella is a majestic mountain retreat perched atop a rugged rocky ridge, offering commanding views of the expansive Jackson Hole valley. Below, the landscape stretches endlessly, with rolling meadows framed by towering peaks. The approach to this magnificent lodge winds through shadowy forests and past serene streams, culminating in a grand Western residence constructed from solid stone, warm wood, and shimmering glass, harmonizing with the natural grandeur of its surroundings.

The interior unfolds with an air of rustic opulence, centered around a soaring 40-foot-high wall of windows that flood the space with light and frame breathtaking vistas. The living and dining areas are thoughtfully divided by a monumental two-sided stone fireplace, creating a warm and inviting ambiance. A handcrafted bronze twig-and-branch staircase by artist W. Tom Ellicker adds a sculptural touch, curving gracefully to the upper level. The kitchen blends form and function, featuring modern amenities and rustic charm, perfect for culinary creations. Five master suite bedrooms, each with its own stone fireplace and custom iron-and-glass details, provide luxurious comfort and privacy, showcasing bold, artful furnishings and ample natural light.

The exterior spaces are designed to celebrate the outdoors in all seasons. Expansive terraces equipped with a snowmelt system ensure year-round accessibility, while the heated grotto, inspired by Yellowstone's Grand Prismatic Spring, offers an indulgent indoor-outdoor experience. A cozy lounge by the fire pit invites intimate evenings under the starlit Wyoming sky, and an alfresco dining area complements the luxurious outdoor amenities, including a rejuvenating hot tub. Villa Bella is an exquisite sanctuary that harmonizes the rugged beauty of its setting with unparalleled luxury and comfort.
