LOS ANGELES

HOLLYWOOD HILLS

Los Angeles holds many distinctions. Its ethereal and otherworldly character earns it the beloved moniker, the City of Angels. It may be the birthplace of Hollywood, but it is much more than just red carpets and silver screen stars. Having a thriving art scene, LA is an absolute cultural mecca with more than 100 museums, like the Los Angeles County Museum of Art (LACMA) with seminal artwork. The city has an exciting medley of restaurants and bars to choose from, and the Art Deco Griffith Observatory high up in the Hollywood Hills, with its Samuel Oschin Planetarium, Tesla Coil, and cameos in several iconic films, is one of LA's most distinctive landmarks. Electric with ethnic diversity and an uncanny Mediterranean climate, Los Angeles is a world unto itself.
