VILLA VENUS

THE BIRD STREETS, LOS ANGELES

Villa Venus is one of the Hollywood Hills' crowning architectural masterworks. This stunning contemporary home presents the pinnacle of haute couture interior design with healthy dollops of cosmopolitan glamor. Perched in the famed bird streets of the West Hollywood Hills, few properties can compare to the sweeping urban panoramas commanded by this residence.

Pristine walls of glass frame this gorgeous home, creating an incredible sense of permeability between epic panoramic views and the sprawling interiors. Retractable glass walls disrupt the distinction between indoor and outdoor living, with the entire great room seamlessly extending onto the expansive outdoor deck. Rich textures from the glossy white tiles to the stone accent walls define an incredibly defined open concept living space. Each piece of furniture, down to the minor accents, such as the orb paperweights on the glass coffee tables, feel like irreplaceable pieces integral to the grand whole. A sleek linear fireplace faces a sumptuous sectional doused in a rich palette of terracotta, rust, and yellow, creating a warm yet sophisticated ambiance. Villa Venus offers five stunning bedrooms, the master suite faithful to an uncanny sensation of above-cloud living. The home's top-shelf amenities include an industry-standard theater, full bar, and six-vehicle capacity garage ideal for car enthusiasts.

Marvel at the knife-edge pool that dramatically disappears before the epic urban vistas. An outdoor fire pit, ample deck space, and luxurious furniture present the ideal entertaining venue. With views that never cease to inspire, this lavish Hollywood Hills mansion invites guests to revel in good company before the glittering lights of the City of Angels.

LOCATION

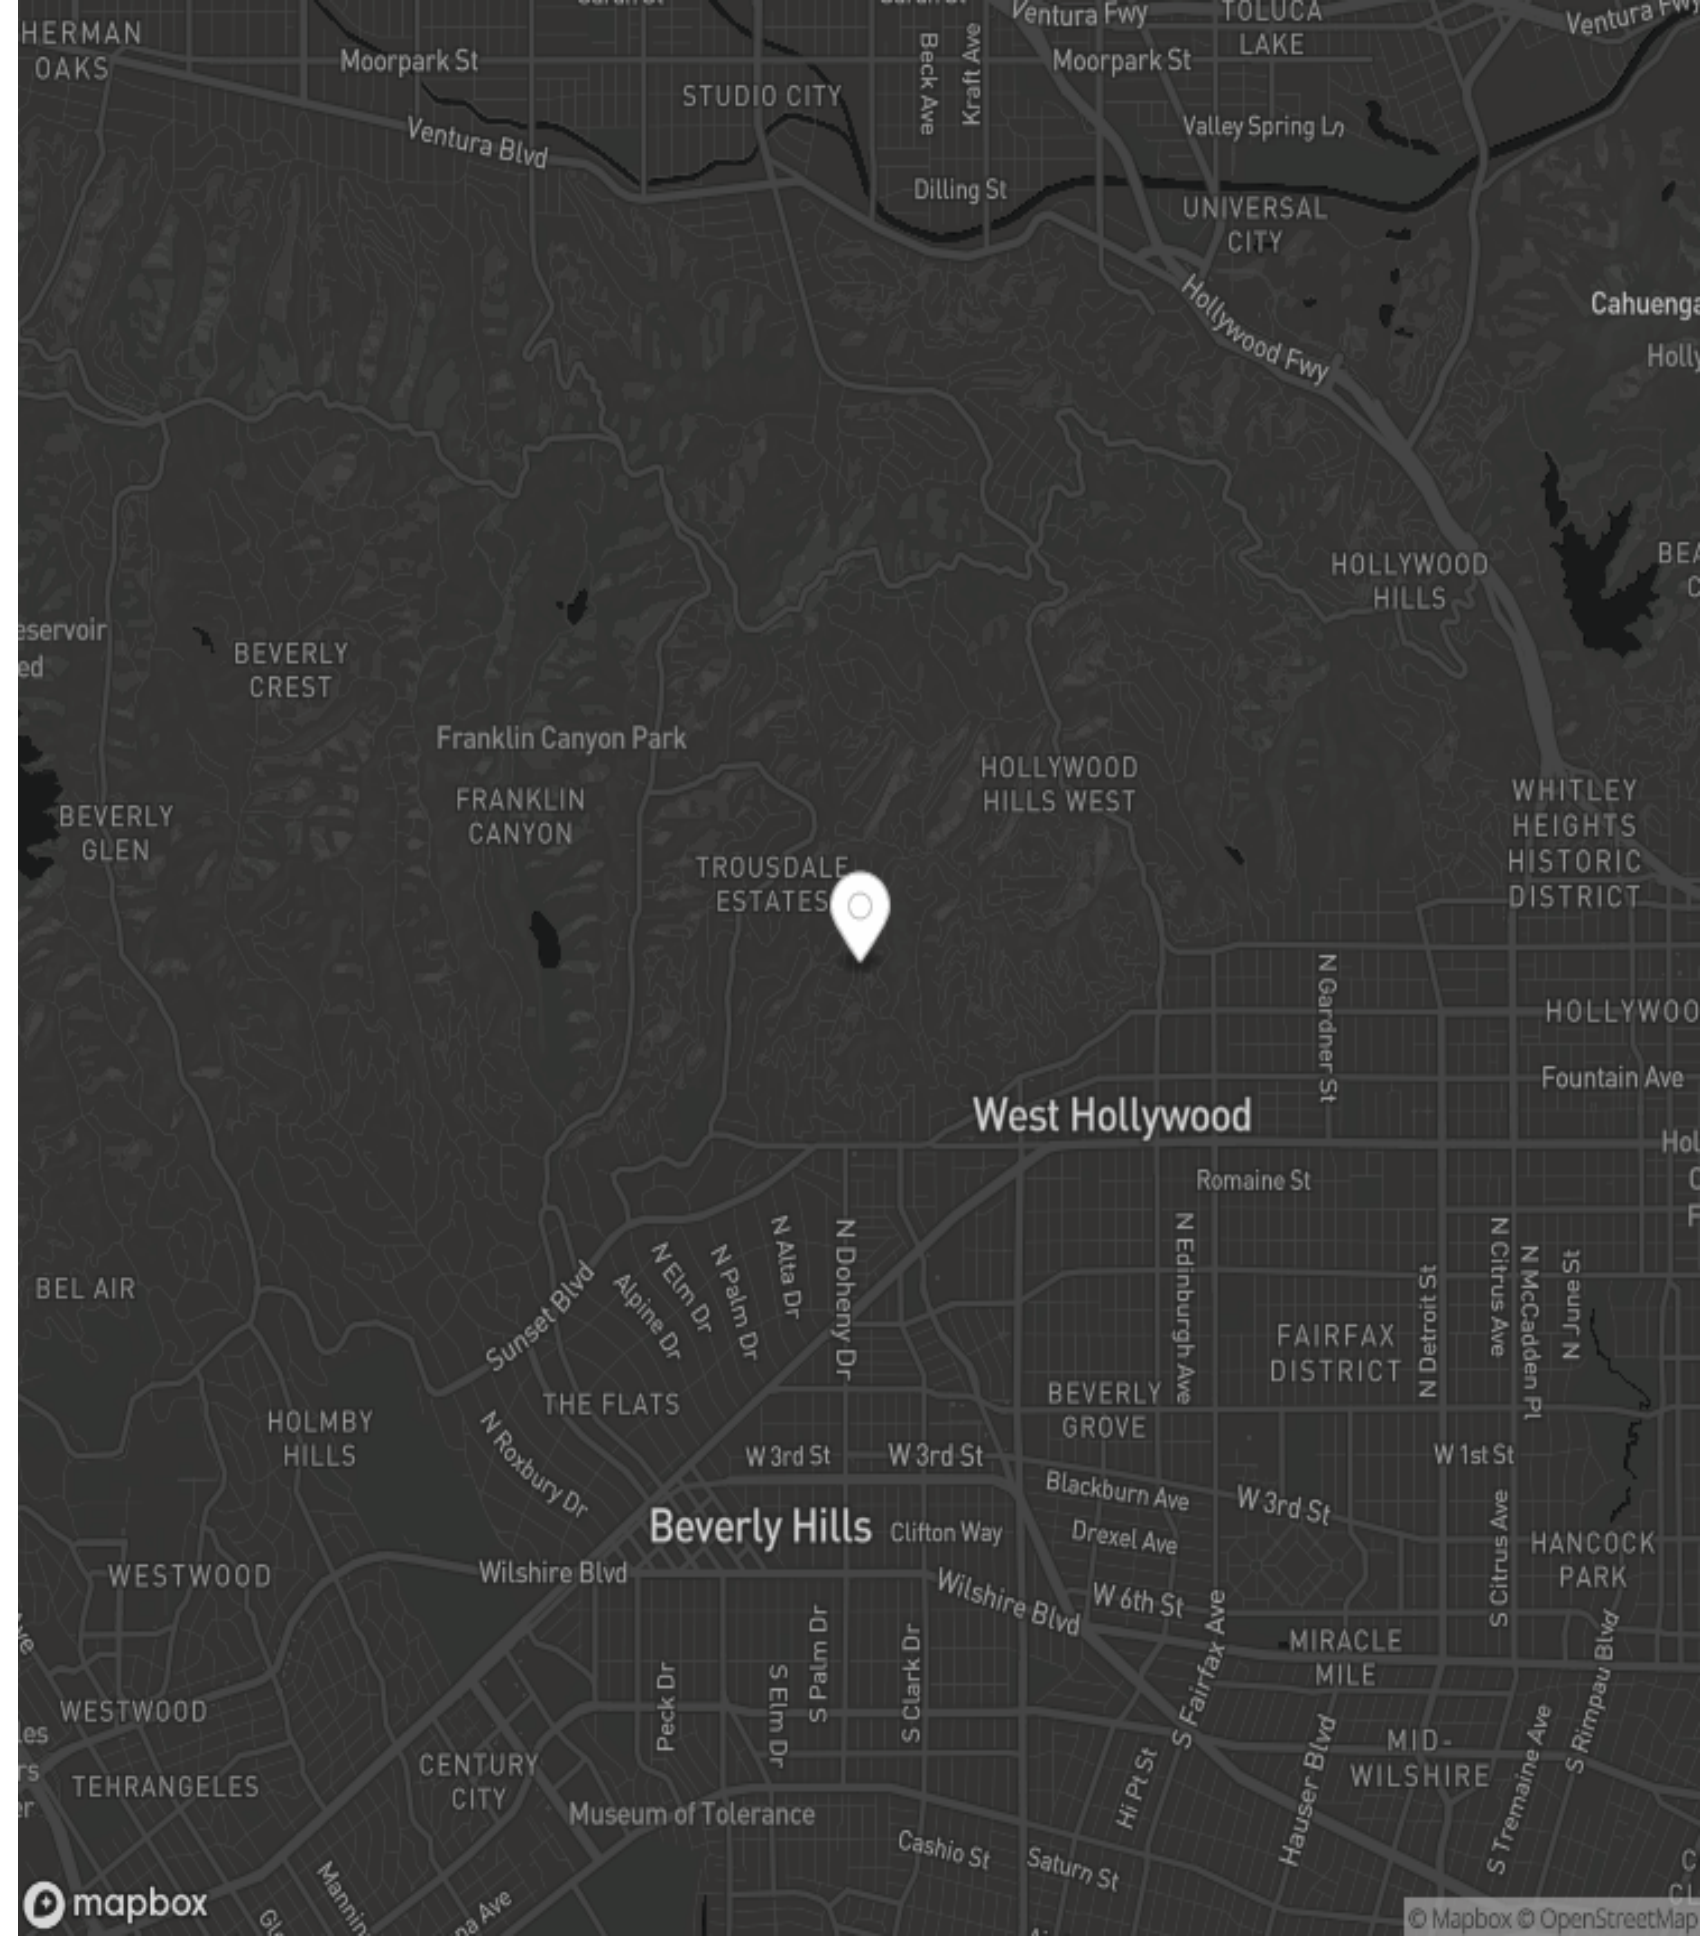

- City View

LOS ANGELES

THE BIRD STREETS

Los Angeles holds many distinctions. Its ethereal and otherworldly character earns it the beloved moniker, the City of Angels. It may be the birthplace of Hollywood, but it is much more than just red carpets and silver screen stars. Having a thriving art scene, LA is an absolute cultural mecca with more than 100 museums, like the Los Angeles County Museum of Art (LACMA) with seminal artwork. The city has an exciting medley of restaurants and bars to choose from, and the Art Deco Griffith Observatory high up in the Hollywood Hills, with its Samuel Oschin Planetarium, Tesla Coil, and cameos in several iconic films, is one of LA's most distinctive landmarks. Electric with ethnic diversity and an uncanny Mediterranean climate, Los Angeles is a world unto itself.
