CHALET VIOLA

MEGEVE, MEGEVE

Chalet Viola is one of the most captivating residences in the entire Courchevel. Located in Megeve, this inviting chalet is prepared to offer you an inspiring collection of warm and welcoming interiors to enjoy during a ski trip. Part of French interior architecture studio Bo Design portfolio, the new luxury chalet was completely revived with carefully chosen shapes, textures, and colors.

The interior of Chalet Viola has been created to surround you with the warm presence of luxurious details within an open floor plan. A jewel decorated with refinement and elegance; you can enjoy the heated indoor pool, it can disappear to make room for a nightclub or a home theater. It's looks and contemporary design highlight its high-tech equipment managed by the Creston system. Besides this amazing feature, there is also a gym, a sauna and massage room, a bar ensuring your stay here is not only comfortable, but it also showcases visual appeal that will make your memories of this place stick with you. This lavish and utterly contemporary home features three spacious bedrooms in total. The dining room is a separate space with a large panorama window.

At the entrance, you will find an air stroke washbasin plus a wine cellar. Relaxation features include adjustable bottom pool 12 x 3, jacuzzi, sauna for 4 people, stroke shower mirror TV. The main materials used throughout the chalet are simple and organic, the palette is mostly based on stone, metal, and wood. They are used in combination with a series of warm and welcoming color nuances such as shades of brown, red and other earthy tones.
