VILLA ADELE

AGIOS LAZAROS, MYKONOS

Villa Adele is a real Mykonian retreat encircled by primitive nature and spectacular views of the sun and the deep crystal clear blue waters. Situated in the area of Agios Lazaros, on the South-western part of Mykonos, this captivating residence is only 10–15 short minutes to Mykonos Town. Moreover, from this home, the charming Psarou Beach is only 3 kilometers away. The villa being located at the highest point of Agios Lazarus, provides a breathtaking view of the Cyclades Islands such as Naxos, Paros, Siros, Tinos and the ancient island of Delos. On clear days one can see the islands of Serifos, Sifnos and Ios.

The minimal architecture combined with the solid structure and the massive width of the walls gives the impression of walking around a colossal sculpture. The property consists of a Main Residence that offers four bedrooms. The main house is a 3 floor structure; basement, ground floor and upper floor. Basement is divided into a large living room, bathroom, 2 bedrooms (one of which currently used as laundry room), 3 storage rooms and a steel door protected area for swimming pool machinery and main electrical control panels. The ground floor is divided into a bathroom and a large domed entrance hall having the living room on the left and the kitchen to the right. The upper floor is divided into the master bedroom with a private bathroom and a guest bedroom with a private bathroom. Between the 2 bedrooms there is an open air patio leading to a huge veranda. The estate also boasts Ground Level Guest Houses with two bedrooms in total and an underground Guest House which features a double couched living room, kitchen, bedroom and bathroom covered by a domed ceiling to increase height. Thus, the property has a total of 7 bedrooms and can accommodate up to 14 guests comfortably.

The elevated Jacuzzi water falling into the pool produces a natural and calming sound. The infinity pool effect, converging the surface of the pool water with the Aegean horizon delivers a breathtaking view.

MYKONOS

AGIOS LAZAROS

Mykonos delivers a cosmopolitan and worldly atmosphere as a coveted summer destination with the seaside serenity of pristine, sandy beaches. Famous for its minimal Cycladic architecture, Mykonos is full of traditional whitewashed houses and is home to Greece's iconic blue-domed church. However, the island's trademark is the beautiful authentic windmills in front of Little Venice, where you can enjoy a magical sunset and capture the colorful light washing over the island's main town, Chora. Being in the center of the Cyclades group, Mykonos is the most prominent for its cosmopolitan atmosphere and vivid nightlife. It's widely regarded as the "Ibiza of Greece". Chora, the island's main town, serves as its beating heart. Awarded restaurants, designer boutiques, and top clubs bedeck its cobbled streets.
