VILLA DARINA

GOLD BEACH, OREGON

Villa Darina is the jewel of the Southern Oregon coast. A magnificent private estate is built for the ultimate Northwest living. Radiating its 10 000 sq ft grandeur, the massive log home estate rests serenely on 28 acres of oceanfront coastline.

With breathtaking ocean views, this manor's interior features an impressive blend of massive old-growth logs and locally sourced natural materials. Beautiful custom doors open to an expansive central hallway leading to exposed living spaces in both directions. An enormous Great Room showcases panoramic oceanfront views from the floor to ceiling windows. It fuses into a drawing-room/game room with a billiard and card table. Dominating the space is the dramatic river rock fireplace that reaches the 35 ft soaring cathedral ceiling, featuring its massive old-growth timber imported from Canada. The interior is rounded out in a rich combination of quartzite, hand-scraped Acacia wood floors, and exquisite high-end finishes. The gourmet culinary center features high-end, professional stainless steel appliances and knotty alder cabinetry. Similarly, the theater room presents eight custom red leather reclining viewing chairs. Four bedrooms can accommodate 12 guests, as the theater/media room can serve as a private room.

The ever-impressive Gold Beach, with its sunshine and blue Pacific banana belt climate, elevates this Oregon manor from a usual retreat. Guest will be astounded by the natural surroundings of the private grounds and the estate's distinctive appeal with the lovely pond, two barns, a gazebo, a private helipad and deeded beach access composing the landscaped exterior.
