LA RESERVE RAMATUELLE VILLA 7

RAMATUELLE, ST-TROPEZ

La Reserve Ramatuelle Villa 7 is an elegant coastal retreat overlooking the infinite blue of the Mediterranean, set within the exclusive La Reserve Ramatuelle estate on the Saint-Tropez peninsula. This luxury seaside residence is immersed in the Provencal garrigue, where natural stone, terracotta tones and refined architectural lines blend seamlessly with the surrounding landscape. Its privileged position within a private, secured domain offers both seclusion and immediate access to one of the Cote d'Azur's most coveted destinations.

The interiors reflect a refined Mediterranean aesthetic, curated by designer Remi Tessier, where natural materials and understated luxury define every space. A spacious living room anchors the home, designed with soft, neutral palettes, plush seating, and expansive openings that frame uninterrupted sea views while flowing effortlessly to outdoor terraces. The fully equipped kitchen combines functionality with elegance, complemented by a warm dining area ideal for intimate gatherings or extended entertaining. Four bedrooms are thoughtfully arranged, each with its own ensuite bathroom, dressed in fine linens and tranquil tones that echo the surrounding landscape. Generous interior volumes and a single-level layout enhance both comfort and fluidity throughout the residence. Additional amenities include a private garage, outdoor parking, individual safes and seamless access to the hotel's bespoke services, including daily housekeeping, concierge, spa facilities and Michelin-starred dining experiences.

Surrounded by 3,800 square meters of landscaped gardens, the villa's exterior spaces capture Mediterranean living. A heated shell-shaped swimming pool sits at the heart of the grounds, bordered by lush greenery and expansive terraces designed to follow the sun. A shaded patio and multiple outdoor lounging areas invite quiet retreats or open-air entertaining, all set against sweeping sea views. The estate evokes serenity and timeless elegance, where nature and architecture exist in harmony.
