VILLA DOMA

PROVIDENCIALES, TURKS AND CAICOS

Villa Doma is a gorgeous, contemporary beachfront home perched along the coastlines of Turtle Cove, Providenciales. Affording guests total discretion and otherworldly serenity, this luxury vacation rental flaunts 120 feet of private white sands, satiating the ultimate tropical island fantasy. This residence is five minutes from the center of Grace Bay and ten minutes from the airport, allowing guests to jumpstart their vacations upon landing.

Spectacular interiors resound with artistry and haute couture sophistication. The estate comprises an 8,000 sqft main villa and a 2,000 sqft guest house. A dazzling fusion of industrial-chic elegance and Southeast Asian exoticism informs the free-flowing common areas. Linear dimensions and crisp vertices sculpt modular interiors well conceived for nocturnal entertaining or breezy get-togethers. Shimmering precious stone floors, corner windows, and glass walls curate an exceptional sense of permeability and oneness with the tropical exteriors. Thirty-foot ceilings resound with an art gallery grandeur, while a ceiling-height fireplace and concrete plastered walls invite an urban edge to this Turks' vacation home's chic ambiance. The great room's rear is a modern, fully equipped kitchen, supplanted by a large granite and wood island, offering a lovely culinary workspace. This luxury complex comprises seven sumptuous bedrooms in the primary home and two additional bedrooms in the guest house, offering eighteen residents maximum autonomy and discretion. There is an additional space in the games room with a pull-out bed.

The sizeable beachfront pool deck is fashioned from Tigerwood and surrounds a black slate infinity-edged pool with jets in a shallow end for a hot tub like rejuvenation. Adventure abounds with beach volleyball and basketball areas while kayaks and floatables beckon activity on the ethereal waters of Turtle Cove. A shallow wading area for children and outdoor entertainment possibilities include a barbecue area, perfecting the art of alfresco tropical living.

TURKS AND CAICOS

PROVIDENCIALES

Turks and Caicos is an archipelago of eight major islands and many small cays in the tropical Atlantic Ocean, southeast of the Bahamas. Its stunning blue waters and pristine white sand give the island some of the world's most amazing beaches. The Turks and Caicos is a true island destination. Its residents come from all over the world and from all walks of life. Yet, the island is a proud British Overseas Territory with its own unique heritage and culture. Travelers will also experience an immaculate marine environment, friendly people, and fine dining. The gateway island of Providenciales, known as Provo, is home to expansive Grace Bay Beach, with high-end shops and restaurants. Scuba-diving sites include a 14-mile barrier reef on Provo's north shore and a dramatic 2,134-meter underwater wall off Grand Turk Island. Stay for the natural bounties or embark on a more luxuriant adventure in the far-flung depths of the turquoise waters on a private island.
