VILLA JULIA

LONG BAY, TURKS AND CAICOS

Villa Julia is an elegant oceanfront retreat set along the tranquil shores of Long Bay in Turks and Caicos. Part of the exclusive Coco Rock development, the five-bedroom residence blends elevated Caribbean architecture with textured natural materials, bespoke furnishings, and expansive waterfront terraces. Positioned within one of Providenciales' most serene coastal enclaves, the villa offers a refined alternative to the island's livelier beach districts, celebrated for its privacy, shallow turquoise waters, and effortless connection to the sea.

Inspired by the natural geography and cultural heritage of Turks and Caicos, the interiors balance organic textures with understated sophistication. Open-plan living spaces unfold beneath clean architectural lines, creating a relaxed atmosphere framed by ocean views and soft island light. The living room extends seamlessly onto a covered waterfront patio designed for lingering afternoons and evening gatherings. A fully equipped kitchen, integrated barbecue area, and dedicated wine and cocktail bar elevate private dining and entertaining experiences. Villa Julia features five beautifully appointed bedrooms, including a primary suite with a king bed, a spa-style bathroom, a soaking tub, and an indoor-outdoor shower. Three additional guest suites offer queen beds and en-suite bathrooms, while a custom bunk room provides refined comfort for younger guests. Luxury linens, curated decor, and serene palettes reinforce the villa's polished yet inviting ambiance.

Expansive outdoor living areas place the turquoise waters of Long Bay at the center of the experience. A private heated swimming pool, waterfront sun deck, fire pit, hot tub, and outdoor shower spaces create a setting designed for both celebration and seclusion. Landscaped terraces and uninterrupted sea views evoke the quiet sophistication of a private Caribbean sanctuary.
