CHALET ANITA

VERBIER, VERBIER

Chalet Anita is the finest example of a traditional alpine home. Perfectly positioned on Chemin de Clambin, the chalet is ideally located a short distance from the main Medran and Savoleyres lift stations as well as just being a short walk from the center of town. A wonderful base for families or a group of friends looking to experience the very best that Verbier has to offer.

The chalet sleeps up to nine people in three bedrooms and a mezzanine twin room. Alpine detailing, rich textures, and rustic furnishings flow throughout the chalet creating a wonderful, welcoming ambiance. A veritable treasure trove; highlights include the hanging pendant in the sitting room which was an inspiration from the owner's travels to Morocco and the George II walnut and parcel-gilt mirror that hangs in the entrance perfectly placed next to the George II oak chest from the 18th century. The first floor of the chalet is home to the open plan dining and living area. Sumptuous sofas surround the natural stone fireplace and the large rustic dining table can seat nine people comfortably. The master bedroom has a fixed king-size bed and en-suite bathroom with roll-top bath and shower as well as his and hers sinks.

Surrounding the chalet is a wonderful garden and terrace area with a private outdoor hot tub. During the day, step out onto the sun drenched south-facing terrace and take in the breathtaking views of the surrounding mountains. In the evening, cozy up in front of the roaring fire with a glass of champagne before sitting down to sample the finest cuisine in the elegant dining area.
