VILLA CATRIONA

HERITAGE PEAKS, WHISTLER

Villa Catriona is a captivating modern residence that commands views of forests and mountains from a location in the exclusive Whistler neighborhood of Kadenwood and, better yet, offers ski-in, ski-out access to the slopes. This home is also a short drive from the shops and restaurants in Whistler village proper, and, for summer visitors, an easy drive from two golf courses and Blueberry Beach at Alta Lake.

Stunning modern interiors rival the dramatic landscape outside at this home. Gaze out at snow-covered pines and peaks from a double-height, open-concept great room with floor-to-ceiling windows. A stone fireplace serves as the focal point in the sitting area, while wood panels subtly set off the dining area, a fully-equipped kitchen and a more intimate study with built-in bookshelves. With their own mountain views and oversized windows, the bedrooms add to the feeling of being on a honeymoon from everyday life. There are four with en-suite bathrooms: two with king beds, including the master, one with a queen bed and a children's room with two bunk beds. There are also two bedrooms with two twin beds each that share a bathroom.

After a day on the slopes, bliss out in the outdoor hot tub. On warmer evenings, heat up the barbecue or linger outside around the firepit.
