# CHATEAU OPHELIA

FRANCE, CASTLES

Chateau Ophelia is an astounding castle immaculately preserved in all its original Medieval pomp and glory by highly creative and sophisticated stewards. Regarded as one of the most beautiful moated Chateaus in all of France, Ophelia brims with historical intrigue transporting guests to a time of feudal royalty. A potent portal into France's illustrious history, this spectacular property offers otherworldly tranquility. A mere forty-five minutes from Paris, yet worlds away from civilization, revel in the seclusion of 420 acres of woodlands, verdant lawns, and manicured terrain. Discover the secrets of this marvelous edifice, never before open to the public.

Spellbinding dining halls and ballrooms retain the glory and pageantry of Medieval France, curating unparalleled venues for grand-scale entertaining. A magnificent Ode to Gallic royal tradition, palatial common rooms witness some of the world's most exceptional examples of handiwork, with endless walls of handpainted frescoes and cathedralesque arched ceilings. The epic stature and size of the property are matched with the grandeur of the designs, with each lavish space and reception hall reflecting various eras of French Imperial tradition. One of the formal dining rooms dazzles with the Neoclassical splendor of the Napoleonic era, with doric column accents and gold gilded chandeliers curating a truly divine space. Another salon drenched in rich red velvet textiles revels in the pageantry and decadence of the 18th century. Chateau Ophelia flaunts twenty-two bedrooms and thirty-four bathrooms configured between the main salon and the ramparts. Each suite is beautifully unique in color, style, and furnishings. Facilities include a spectacular 80-foot indoor heated pool, while recreation amenities entail tennis courts, billiard, and board game rooms.

In the spring, Ophelia's three-acre large 18th-century garden is in full bloom, making for a uniquely fragrant and scenic promenade. Indulge in the opulence of France's most revered noblemen and women within a private walled city, navigating across serene courtyards, vegetable gardens, still ponds, and lush woodlands.
